ABOUT SUSAN SVEC

Susan Svec is the founder of Susan's Soaps, a Texas-based natural soap and skincare company she has operated for more than 26 years. Her work has long been inspired by essential oils, botanicals, simple living, and the restorative power of nature. Her Texas State Parks journey began as a way to slow down, sketch, reflect, and reconnect with the quiet beauty of the natural world. *Right Here All Along* captures the first 16 park visits in that journey.

*"What if the quiet you were looking
for was right here all along?"*
